

LINDR NAKED COLD BRIDGE 4 TOWER

The LINDR NAKED COLD BRIDGE tower with four taps is the absolute top among dispensing towers.

The flagship of our production, which will be without a doubt the absolute dominant of your bar. The LINDR NAKED COLD BRIDGE tower with four taps is the absolute top among dispensing towers, excellent not only in appearance, but above all in its unique recirculation system. This tower will clearly show guests that you are serious about dispensing beer. The only tower in the series with one stand in the middle.

| BENEFITS AND USEFUL FEATURES

RECIRCULATION - The unique design of the tower ensures cooling of the beverage up to the tap via a fully insulated coil.

DESIGN - Massive, all-stainless steel construction without welds meets the strictest requirements for design purity. The surface treatment is possible in polished stainless steel or with sandblasting.

KEEPING CLEANLINESS - The stand has no flanges, making it easier to keep clean.

CHOICE OF TAPS - There is a selection of classic or lever taps with different types of handles.

PRESENTATION OPTIONS - The model allows the placement of wooden advertising and backlit medallions with their own logo.

BEVERAGE LINES - The construction of the tower offers a basic diameter of 8 mm for beverage management in a stainless steel design.

EASY INSTALLATION - The model is fixed with only one nut.
